

Banijay Inclusion Strategy 2020

At Banijay UK equality is a fundamental cornerstone of our business. We are committed to racial justice, inclusion and diversity at every level and are working hard to be the best production company in the UK, reflecting our audience both on and off screen making the most exciting television shows in the country.

Inclusion is embedded in every policy and considered at every level of our business from recruitment and retention to our annual review and internal mentoring schemes, it is central to the language of our company.

We believe that authentic representation is a human right which is why we are striving for a broad representation of talent across our business ensuring wide ranging appeal.

CURRENT SITUATION

Banijay UK is above average in terms of being an inclusive employer (according to our recent internal survey); since 2018 we have increased our BAME workforce to **20.75%** which is 42% above the television industry. BAME in senior management has grown from **10%** to **14%** year on year, but the most significant shift in the data is in relation to our people who have declared a **disability**, more than tripling from **3%** to **9.5%**.

Of course, there is room for improvement.

As an industry leader we have set ourselves inclusion targets to be analysed annually:

1. **ON SCREEN PORTRAYAL TARGETS** (based on BBC target) ensuring our content reflects our audiences
 - a. 50% women on screen, on-air and in lead roles across all genres from Drama to News
 - b. 8% disabled people on screen and on-air including some lead roles

- c. 8% LGBT on screen portrayal including some lead roles
 - d. 15% black, Asian and ethnic minorities on screen, on-air and in lead roles across all genres
2. **WORKFORCE TARGETS** to ensure our employees and LEADERSHIP TEAMS reflect modern UK localities. For instance a London workforce is different to a regional workforce. Both should reflect the demographic of the area London, Manchester, Glasgow, Birmingham or Cardiff will differ depending on local statistics. Overall we aim to have at least 20% diverse (BAME, lower income backgrounds or disability) workforce across any location in line with the Broadcasters objectives.
 3. We will make **INCLUSION** and **UNCONCIOUS BIAS** training compulsory to all senior management, as well as execs, series producers, casting and development producers, production managers and interviewers.
 4. Increasing diversity at **SENIOR** level both in **CREATIVE LEADERSHIP** and **MANAGEMENT**.
 5. We will continue to **INVEST IN AND DEVELOP TALENT** through internal development programmes embedding diversity at the heart of our workforce: paid internships, mentoring and diversity fund.
 6. With our industry partners and the **CREATIVE DIVERSITY NETWORK** we will deliver **DIAMOND** which will measure our progress against our diversity objectives in an open and transparent way. We will continue measuring our progress with our anonymous internal diversity survey, aiming for 100% participation.
 7. **MEASURING INCLUSION** at entry level, creating a sustainable and diverse talent pool for the future by developing and tracking out our **PAID INTERNS**.
 8. We will continue to expand our networks with regular **INCLUSIVE NETWORKING** sessions for all levels of talent ensuring diversity at its core.
 9. We will make sure that our workspace is **ACCESSIBLE** to all ensuring that we are ask employees equally about their needs and aim to make every reasonable adjustment possible.
 10. We will continue to provide an inclusive environment by providing **INTERNAL NETWORKS** /safe spaces for employees to socialise as well as talk about their experiences with a channel to senior executives.

We will be holding the mirror up to our productions asking if they are reflective of society, and if not why?

NETWORKING EVENTS

Banijay UK hosts a series of regular outward facing events aimed at drawing in talent from underrepresented communities with the purpose of widening both our and their networks.

Our annual Mama Youth alumni event is a continuing success.

We want to be the change.

Our new pledge includes:

1. Commit to auditioning disabled and BAME actors/talent/contributors (as applicable) for every series.
2. Commit to reaching out to diverse talent for open vacancies (ensure this is a search criteria).
3. Advertise all entry level vacancies through mainstream means and target diversity rich recruitment sites and social media.
4. End café culture in interviews – it's not a chat, wherever possible have more than one person interviewing and prepare standard questions for all; use job descriptions.
5. Encourage writers to feature disabled and BAME characters including where the role is not dependent on this as a character feature. Encouraging teams to develop and include diversity in writer's rooms and schemes.

Diversity Training is available online to all for those who are unaware of its benefits.
